Lake Constance Museum of Natural History

The Lake Constance Museum of Natural History opens a “window on the lake”, showcasing Lake Constance and its unique landscape.

Lovingly displayed animal specimens of the different habitats around the lake make up the main part of the exhibition. Join in and touch the fur of a badger or a wild boar, listen to frogs croaking on the *Quakophon* or discover the smallest inhabitants of the lake under the microscope. Learn more about the last four ice ages that formed Lake Constance and its limnology or look for further information on the interactive *bodensee web*.

The museum also features special exhibitions and the informative playground “pebbles in flow”.

The museum lies within walking distance from bus and train stations. All public areas are wheelchair accessible.

Open daily 10.00–17.00

Entry fees:

Adults	2,- €
Children aged 4–14	1,- €
Pupils, students, senior citizens	1,50 €
Families	4,50 €
